GET A CLUE --- THIS IS UNACCEPTABLE AND INTOLLERABLE!

Great Reasons Us Will Unite Peace

Ill of us are quite aware of, and deeply worried by, the disturbing social and political situation of the world today. s increasingly a place of violent conflict, hatred and brutal atrocities, committed even in the name of God and o i. We know that no religion is immune from forms of individual delusion or ideological extremism. This means tl e especially attentive to every type of fundamentalism, whether religious or of any other kind. A delicate balanc d to combat violence perpetrated in the name of a religion, an ideology or an economic system, while also arding religious freedom, intellectual freedom and individual freedoms. But there is another temptation which w ally guard against: the simplistic reductionism which sees only good or evil; or, if you will, the righteous and sin temporary world, with its open wounds which affect so many of our brothers and sisters, demands that we co orm of polarization which would divide it into these two camps. We know that in the attempt to be freed of the e t, we can be tempted to feed the enemy within. To imitate the hatred and violence of tyrants and murderers is tl take their place. That is something which you, as a people, reject. Our response must instead be one of hope j, of peace and justice. We are asked to summon the courage and the intelligence to resolve today's many itical and economic crises. Even in the developed world, the effects of unjust structures and actions are all too nt. Our efforts must aim at restoring hope, righting wrongs, maintaining commitments, and thus promoting the f individuals and of peoples. We must move forward together, as one, in a renewed spirit of fraternity and solic ating generously for the common good. The challenges facing us today call for a renewal of that spirit of coope has accomplished so much good throughout the history of the United States. The complexity, the gravity and if y of these challenges demand that we pool our resources and talents, and resolve to support one another, wilf t for our differences and our convictions of conscience. **Pope Francis : US Congress : Sept 20**
